

QuarkXPress 6

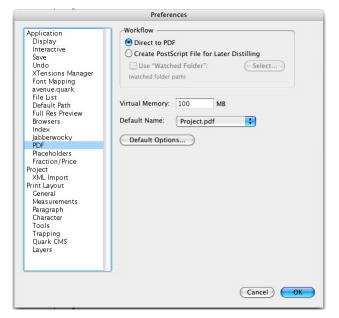

Recommendation:

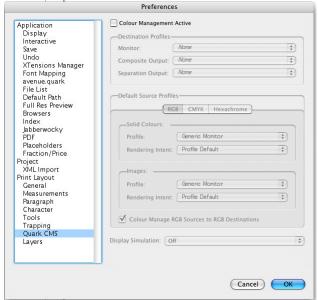

For easier further file processing, we recommend that the number of pages in a file does not exceed one hundred pages, or fifty pages in multiform work. Name the file by its work reference number (or ISBN_number) and page number gap, e.g. 654321_001_050.

Preferences:

Make sure that QuarkXPress / Preferences / PDF / and / / Quark CMS preferences are as in images below.
